Mike,

The final SLERA was submitted to EPA and MDEQ on September 18, 2017. I can have Laura forward that to Brian too.

As far as the comments go, that is up to you. In an ideal situation, we could have the comments before the end of December, so that we have a few weeks to prep before our meeting scheduled onsite at CFAC in January.

Thanks, Mike.

I was able to download the Draft Baseline Ecological Risk Assessment Work Plan. Do you know if they have a deadline set for receiving comments on this draft?

Also, do you know if a Final Screening Level Ecological Risk Assessment was issued by Roux? I know that comments were submitted back in April, but I'm not sure that I ever saw a final version of it.

Happy Thanksgiving!

Brian
